* Preliminary, figures revised.

1/ Data reflects budget figures according to the Decree Number 19 for the month of June 2013. Includes structural measures on Revenue and Expenditure sides, yet it doesn't include the supplementary budget worth LE 29.7 billion that has been approved according to the Law number 105 for October 2013. It is noteworthy that this supplementary budget doesn't have an additional effect on the budget deficit, due to an increase on both revenues and expenditures side with the same amount.

2/ The noticeable increase in "Other Companies" sub item in 2010/2011 and 2011/2012 is attributed to the repayment of all accrued taxes on receipts from the sale of the third license. Worth noting that these taxes were previously recorded as part of "Other Property Income".

* Preliminary, figures revised.

1/ Data reflects budget figures according to the Decree Number 19 for the month of June 2013. Includes structural measures on Revenue and Expenditure sides, yet it doesn't include the supplementary budget worth LE 29.7 billion that has been approved according to the Law number 105 for October 2013. It is noteworthy that this supplementary budget doesn't have an additional effect on the budget deficit, due to an increase on both revenues and expenditures side with the same amount.

2/ Other property income was marked in FY 2009/2010 by exceptional revenues worth LE 1.6 billion, as well as in FY 2007/2008 by LE 3.1 billion from granting the "third generation" licence to mobile companies. As for FY 2006/2007, it was marked by LE 15.2 billion earned from the sale of the third mobile license to a foreign investor.

3/ It is worth noting that this item has a negative sign because it includes revenues from the sale of the third mobile license that was previously recorded as profits. Yet, during 2010/2011, and 2011/2012 due to the tax authority on these profits were fully settled. Therefore, the amount of tax repayment was deducted from other property income against an equal increase in the sub item "Other Companies" under the First Chapter "Tax Revenues".

4/ Revenues from special accounts and funds belonging to budget sector entities like public universities, medical centers and research institutes. Such revenues are met by equivalent amounts on the expenditures side.

5/ Includes additional 20 percent receipts of the Special Accounts and Funds for the Ministry of Finance starting July 2012/2013 according to law Number 27 for the year 2012.

6/ Reflects the impact of enacting Law 114, 2008 on revenues from sale of natural gas at higher prices to energy-intensive industries. The revenues depicted above reflect the impact of price reform.

7/ Reflects allocations to finance investment projects in previous year, which were not used during that year. Such allocations are thus carried forward to the current fiscal year and recorded as self-financing sources of investment under miscellaneous revenues.
