* Preliminary-Actual.

* Data reflects budget figures in light of Presidential Decree Number 8 for the year 2016.

-- Data are preliminary & under preparation until being finalized.

1/ Data reflects budget figures in light of Decree Number 85 for the year 2022.

2/ The decline in Taxes on Corporate Profits from CBE is mainly due to the accommodative monetary policy adopted by the CBE to curb inflation since FY16/17, where the increase in interest rates has imposed burdens on CBE profits, as it is expected that no tax receipts would be collected from CBE till end of FY19/20.

3/ The noticeable increase in Tax on T-bills and bonds' payable interest is mainly due to the adoption of new law number 3 for the year 2021, which included the removal of tax exemptions implied to T-bills and bonds' payable interest in March 2021.
